

# FOCUS ST

## Adrenaline comes standard.

Everything about the **FOCUS ST** is engineered to excite. From the powerful engine to the sleek muscular design, it's 100% car, 0% apology.

### Sporty aluminium pedals.

With racing-inspired aluminium pedals and the engine's throaty acoustics piped into the cabin, the **ST** is sporty inside and out.

### Power without compromise.

A turbocharged direct-injection 2.0-litre EcoBoost engine gives you the best of power and responsiveness – without sacrificing fuel efficiency.

### Conquer corners.

**ST**'s unique sports suspension system with Torque Vectoring Control gives you flawless cornering. 18" alloys with high-performance front and rear disc brakes ensure added control.

### Voice-activated commands.

SYNC® is an award-winning communications and entertainment system that is fully integrated into the car, delivering a comprehensive and easy-to-use system. SYNC® responds to and recognises up to 150 different voice commands without training and can cope with variations in accents and vocabulary, making it easier to access more content by voice. SYNC® can also read aloud incoming text messages from compatible mobile phones. It works with a wide variety of digital music players including iPod® and USB flash drives. The system automatically updates phonebook entries, while audio files can be browsed by genre, artist, album, song and playlist using simple voice commands. The USB port also enables the implementation of software upgrades for future enhancements and features.

### Performance at your fingertips.

Stay on top of your game with this striking instrument console, featuring red needle pointers and sport gauges which monitor turbo boost, oil pressure and oil temperature.

### Sizzling hot design.

Turn heads wherever you go in your stylish **FOCUS ST**. Think integrated roof spoiler, no-nonsense dual-pipe exhaust and bold trapezoidal grille with blood-red **ST** badging.

## Only erious drivers need apply.

The powerful **FOCUS ST** is not for the average driver. Dare to take the challenge on every empty, winding road.

CO<sub>2</sub> & Fuel Economy Note: The declared fuel consumption and CO<sub>2</sub> emissions figures were achieved during technical laboratory testing in accordance with the legislated technical specifications (SANS 20101: 2006 / ECE R101: 2005). Fuel consumption and CO<sub>2</sub> emissions figures are used to compare different vehicle types under uniform conditions and are not necessarily indicative of real-life driving conditions. Note that the actual fuel consumption and emissions levels will depend on many factors including individual driving habits, prevailing conditions and vehicle equipment, condition and use.

### Quality

We design and build your Ford to feel as good after many years of service as it did the day you picked it up. And to drive just as beautifully too.

### Green

Using advanced Ford technology, we're committed to creating vehicles with improved fuel economy, reduced CO<sub>2</sub> emissions and a lower overall cost of ownership.

### Safe

Ford's Intelligent Protection System uses sophisticated technology designed to help prevent an accident and, if one should happen, to protect you.

### Smart

Vehicles with smart intuitive technologies designed to connect your world and many clever solutions from Ford that make life a little easier.
